

Training Globally Diverse Engineering Leaders for the 21st Century

Dr. Miguel Ayllon is the director of study abroad at the University of Missouri (MU). In this role, Miguel provides vision, leadership, and management to design transformative global experiential learning opportunities for students. Miguel has led the MU study abroad office to change from a regional to an academic based model of study abroad advising. Miguel holds a doctorate in educational leadership and policy analysis from MU. Miguel formerly served as MU's director of international engineering programs where he achieved record study abroad enrollment and first academic collaborations with Latin American partners. Miguel is a NAFSA Academy alumnus and currently serves on the academic council of IES Abroad and the Advisory Board of CEA Abroad.

Dr. Tojan Rahhal is a scientist and engineer with a passion for an inclusive world. She has developed several award-winning programs and curriculums to address diversity and inclusion in STEM, as well as obtained certifications in cultural competence assessments. She recently served as assistant dean for inclusive excellence and strategic Initiatives at the University of Missouri's College of Engineering and is currently the CEO of Engineering World Health.
